

Creating a Story with Early Writers

Introduce the **Character, Setting** and something the character **likes**.

Once there was a young boy called Max who lived in the countryside with his mum and dad. Max is six years old and he likes to play with his football.

One sunny day Max went outside to play football in the back garden. He was having fun until the ball went over the fence and into a field.

Introduce the **Problem**

Max crawled under the brown fence and into the field and picked up his ball. As Max stood up, he saw a bull walking closer and closer and closer.

Max was frightened and began to walk backwards towards the fence when his foot got stuck in the mud. The bull was getting even closer and Max began to shout 'Help!'

Introduce the **Solution** and **Afterthought**

Out of nowhere Max's dad jumped over the fence, lifted Max up out of the mud and brought him back into the garden. 'I will never go back in that field again.' Max said.
